Animation Guidelines

Micro-interactions

- **Duration:** 200-300ms for most interactions
- **Easing:** cubic-bezier(0.4, 0, 0.2, 1) for smooth transitions
- **Prayer Time Transitions:** Gentle fade-ins for spiritual content
- **Loading States:** Crescent moon spinning animation

Page Transitions

- **Slide Transitions:** For navigation between screens
- **Fade Transitions:** For modal overlays
- **Scale Transitions:** For button interactions

Content Guidelines

Halal Content Standards

- **Image Moderation:** AI-powered content filtering
- **Text Filtering:** Inappropriate language detection
- **Community Guidelines:** Clear Islamic community standards
- **Reporting System:** Easy content reporting mechanism

Islamic Content Features

- **Quran Verses:** Beautiful typography for Quranic content
- **Hadith Sharing:** Proper attribution and verification
- **Islamic Quotes:** Inspirational content formatting
- **Prayer Reminders:** Respectful notification design

Platform-Specific Considerations

iOS Design

- **Navigation:** Bottom tab bar with Islamic iconography
- **Gestures:** Swipe gestures for common actions

- **Haptic Feedback:** Subtle feedback for prayer times
- **Dynamic Type:** Support for iOS accessibility features

Android Design

- **Material Design:** Islamic adaptation of Material Design 3
- **Navigation:** Bottom navigation with floating action button
- **Adaptive Icons:** Crescent moon adaptive icon
- **Dark Theme:** System dark theme integration

Technical Specifications

Image Formats

- **Icons:** SVG for scalability
- **Photos:** WebP with JPEG fallback
- **Illustrations:** SVG for Islamic patterns and decorations

Performance

- **Loading Time:** < 3 seconds for initial load
- **Image Optimization:** Lazy loading for feed content
- **Offline Support:** Basic functionality without internet

Accessibility Standards

WCAG 2.1 AA Compliance

- **Color Contrast:** Minimum 4.5:1 ratio for normal text
- **Focus Indicators:** Clear focus states for all interactive elements
- **Screen Reader:** Full VoiceOver/TalkBack support
- **Font Scaling:** Support for system font size preferences

Islamic Accessibility

- **Prayer Time Audio:** Audio announcements for prayer times
- **Qibla Vibration:** Haptic feedback for Qibla direction
- **Voice Navigation:** Voice commands in multiple languages

Success Metrics

Design KPIs

- **User Engagement:** Time spent in app
- **Content Creation:** Posts per user per day
- **Community Growth:** New user registrations
- **Feature Adoption:** Prayer time widget usage
- **Accessibility:** Screen reader usage statistics

- ☐ Islamic Pattern Library

Collaboration Notes

Designer Handoff

- **Design System:** Use Figma or Adobe XD with shared components
- **Prototyping:** Interactive prototypes for complex flows
- **Developer Handoff:** Detailed specifications and assets
- **Testing:** Usability testing with Muslim users

Feedback Process

- **Islamic Scholars:** Review for Sharia compliance
- **Community Testing:** Beta testing with Muslim community
- **Accessibility Testing:** Testing with disabled users
- **Cultural Review:** Review by diverse Muslim communities
